SOFTWARE ENGINEER

Software Engineer who picks up new tools fast and builds reliable code. Proven track record in automated testing (Playwright, Selenium) and full-stack development (React, REST APIs). Combines strong QA habits with fast execution to ship high-quality software.

EXPERIENCE

GENERAL MOTORS, Austin, TX

January 2024 - May 2026

Software Engineer, September 2025 - May 2026

- Deployed and monitored application releases to Azure cloud, supporting the team's CI/CD pipeline and release cadence.
- Built and integrated REST APIs to connect front-end applications with back-end services, improving data flow and system functionality.
- Supported AngularJS-to-React migration by resolving 20+ UI defects in under 2 weeks through end-to-end testing and AI-assisted code review using GitHub Copilot.
- Used SonarQube to maintain 90%+ code quality pass rates across Spring Boot services.

Software Test Engineer, January 2024 - August 2025

- Automated 200+ end-to-end regression test cases using Selenium, improving test coverage and reducing manual testing effort.
- Owned the migration for automation framework from Selenium to Playwright, developed 30+ automated test cases with improved execution speed and cross-browser reliability.
- Authored 300+ detailed regression test cases with clear, repeatable steps to improve QA consistency and onboarding efficiency.

UNIVERSITY OF TEXAS AT SAN ANTONIO, San Antonio, TX

August 2021 - May 2023

Undergraduate Research Assistant

- Implemented RLHF training environments (FlightGear, MuJoCo, Atari) and evaluated RL agents using TensorFlow and Stable-Baselines3, focusing on reward modeling and preference learning.

TRANE TECHNOLOGIES, Tyler, TX

January 2022 - August 2022

Engineering Co-op

- Built an end-to-end ML pipeline (Scikit-learn, Pandas, Dataiku) to classify HVAC sensor failures; visualized results in Tableau for stakeholder reporting.

SKILLS

- Languages & Frameworks: Python, Java, JavaScript/Typescript, HTML/CSS, SQL, React.js, REST APIs
- Testing & DevOps: Selenium, Playwright, SonarQube, Kubernetes, GitHub Actions, Jira, Confluence, Azure, Vercel
- Soft Skills: Cross-functional collaboration, Agile/Scrum, Attention to detail, Time management, Learning agility, Problem Solving

EDUCATION

B.S., Electrical and Computer Engineering

University of Texas at San Antonio, Texas

Certification in Artificial Intelligence

Matrix AI Fellowship - Fall 2021 (Xilinx)
